

PRASHANT SINGH - “Product Manager with ~5 years across fintech and growth, shipping 0→1 products at scale. Now building toward AI PM roles, with hands-on exposure to LLM applications and intent-driven automation”

Phone: +91 80-900-40-889 | **E-mail:** prashant8895@gmail.com | [Linkedin](#) | **Language:** English, Hindi

Professional experience		~5 years
Zeta (HDFC as Client)	Product Manager	Jun'24 - Present
Product Manager 1, Credit Card	- Automated Credit Balance Refund (CBR) flow; cut refund TAT from 2–3 days to instant, eliminating ~150 CX tickets/week and enabling real-time CASA refunds via self-serve, RBI-compliant experience - Designed AI-powered card closure flow using NLP-based intent classification; routed high-intent users to retention agents, auto-closed low-intent - reducing manual ops effort by ~40%, saving ~200 agent-hours/month, and improving closure-avoidance rate by ~15% - Owned end-to-end RBI card activation uplift, improving activation from 92–93% to 96–97% by redesigning J3 flows, fixing a critical activation bug (~75% → 90%), impacting ~32K issued cards/month - Unblocked RBI-driven activation and dormancy drop-offs via card externalisation and OTP-based PWA consent; prevented avoidable card closures and enabled ~1K reactivations in ~2.5 months	
Associate Product Manager, Credit Card	- Built 0→1 NPA, Secondary NPA & Charge-Off accounting for HDFC Pixel (₹29Cr NPA, ₹9Cr write-offs/month) across MAD & TAD logic - Unblocked RBI billing compliance by redesigning billing-day selection and month-end fallbacks; enabled phased rollout and eliminated compliance risk Shining Star and Outstanding performer award received	
Purple	Product Analyst / APM	Feb'23 - May'24
Product Analyst, Storefront	- Launched cart upsell widget via A/B tests & multivariate testing; lifted AOV by ~₹100 with no conversion drop - Improved product availability via MPC Switching; cut OOS by ~4%, raised C→CO by 10% and ATC→Buy by 16% - Optimized first-time installer flow via product changes; raised conversion from ~4.5% to 6% - Implemented trigger-based alerts with Locale.ai; cut sale-time downtime from ~6–7 hrs to <20 mins - Built storefront metrics dashboard on Looker; enabled ongoing product performance tracking Received Spot Award for setting up Locale alert system and improving AOV	
Urban Company	Category Manager	Dec'21 - Feb'23
Category Manager, South India Growth and Operations	- Owned metrics for ~60% of India's UC Water Purifier business - built live dashboard to cut RCA time from ~1 day to ~3 hrs - Built metric-driven Partner Refresh model linking BAU metrics to CX; improved NPS from ~60 to ~85 - Led hub rebalancing to fix supply–demand gaps; reduced monthly request loss from ~12% to ~4% - Designed Pro Lead Sales flow for UC Native RO; nearly doubling gross revenue Awarded Heavy Lifter for the overall growth of health metrics for the RO Business	
Business Development Associate, PAN India Growth	- Built SQL based PAN-India health funnel for AC Season; cut onboarding time from 4–5 months to ~1 month - Designed PAN-India onboarding & capacity strategy; onboarded ~10K workers with <2% request loss - Enabled kit-financing loans with UPI autopay feature removing upfront cost barrier; improved supply Got promoted in ~ 5 months	
Internship		
Tata Motors	Trainee	Jun'17 - Jul'17
Responsibilities & Achievements	Optimized pipeline and ventilation support design, mitigating ~₹10L annual losses and negotiating with vendors to save ₹40L	
Academic Qualification & Achievements		
Bachelor's degree: B.Tech in Mechanical Engineering - Vellore Institute of Technology CGPA: 9.52 Batch Rank: 3/800 12th: 91.17% & 10th: 94% Captain, Team Saksham - Ranked 9th/115 globally at BAJA SAE Illinois USA 2020 (2nd in Sales, 5th in Design)		
Software Skills		
Product: Growth, Roadmap planning, GTM, A/B & Multivariate testing AI/ML: LLM applications, Generative AI, Recommendation systems, Prompt engineering, AI product management, Model evaluation Analytics: SQL, Looker, GA, BigQuery Tools: JIRA, Figma		
Certification		
Generative AI (Ongoing) Generative AI for Everyone (Andrew Ng) JAVA and C language training – Spoken Tutorial Project Indian Institute of Technology (IIT) Bombay by Prof. Vijaylakshmi Arunagiri (Certificate 1(1770614NSW),Certificate 2(177061473L), Credential ID L5-15/246) Statistics & Mathematics for Data Science and Data Analytics by Nikolai Schuler		
Leadership, Hobbies/Interest - Bike Rides, Nature & Wildlife photography, Vlogging, Badminton, Working Out
